Dear The Berry Forum

The Berry Forum

Our client thanks the Berry Forum (**Forum**) for its invitation to attend the next Committee Meeting on 26 February 2018 and will contact the Forum's Secretary as requested to confirm his attendance.

As noted in our letter dated 19 February 2018, our client was surprised to see that our correspondence containing our client's Requests for Information was recorded under the title "*Complaints about Forum Committee*" on the Forum Website. Our client is again surprised to see that our correspondence is now posted under the title "*Forum Committee Vindicated*" on the Forum Website.

Our client also notes that his Submission to Shoalhaven City Council has not yet been posted to the Forum Website, despite the publication of the correspondence that accompanied the same. Our client considers the continued publishing of **all** correspondence and information between our office and the Forum is essential in order to provide the appropriate context on this topic.

Our client requests that his Submission be published on the Forum Website, together with the correspondence that has been published to date. Our client again requests that all correspondence between our office and the Forum, including his Submission, be published separately under a more appropriate title on the Forum Website.

If the Committee considers it necessary to ask our client any further questions after his attendance at the Committee Meeting on 26 February 2018, our client is happy to address such questions in separate correspondence.

Yours faithfully

Holding Redlich
